

SuperSquadra 2011

TACTICS SEMINAR

Tactical Training from Texas' Top Ranked Racing Team

The third annual Super Squadra winter cycling clinic will focus specifically on the tactics of bicycle racing. We'll start the day with a presentation delineating both beginner, and advanced bike racing tactics. Then, after a short break for a complimentary burrito lunch, we'll take to the open road for a hands-on tactics tutorial and some simulation racing. Each 2011 Tactics Seminar participant will go home with Super Squadra's acclaimed Tactical Playbook.

"The Super Squadra Tactics Seminar was beneficial to me as a guy new to racing. It made me more aware of what was going on in the pack, and therefore able to race smarter. Using what I learned from Super Squadra, I was able to beat a lot of younger, faster guys at the races."

"The best way to prove the worth of a whole team racing on the same tactical playbook is by pointing to the results. I joined Super Squadra in 2010 and assisted with the team's Tactics Seminar. Then, with the help of my teammates and Super Squadra's tactical knowledge, I won the Fayetteville Stage Race."
